Notes:

1. The above results for the Quarter and nine months ended 31st December, 2013 has been reviewed by the Audit Committee and taken on record by the Board of Directors in its meeting held on 14.02.2014.

2. The Operation of paper factory at Bilaspur is under suspension since 6th October, 2010 because of pollution control issues. Efforts are being made to comply with the norms and alternate means are also explored to start the factory along with new paper mill and power plant. In view of future plans and valuation of fixed Assets of the company, no impairment of fixed assets is envisaged by the management which is reported by the auditors in their report.

3. The net worth of the company is fully eroded. In view of continuous losses and non operation of the paper factory, the company has not been able to meet its obligation towards repayment of loan and interest payment to a secured lender. The lender has taken the symbolic possession of the tangible properties secured against the loan. According to the information available, the process to auction the said property by the lender could not be materialised. The Company is in the process of taking necessary steps in this regard. Further based on the continuous financial support by a promoter company and the future outlook, the company maintains the going concern concept. The auditors of the company have put attention to this fact in their report.

4. Segment Reporting as defined in Accounting Standard - 17 is not applicable, since the operation of the company relates to only one segment i.e. Paper.

5. Corresponding figures of the previous period / year have been regrouped to make them comparable, wherever necessary.
